

Dental Emergencies - Priory Dental Care are here to help!

Dental emergencies can occur at any time and whether it is a broken tooth or dental abscess that is causing you pain, prompt treatment and advice can make all the difference to sorting out the problem.

We aim to see all registered patients with genuine dental emergencies on the same day they contact us - please call us as early as possible to ensure your best chances of being seen on the day.

We also offer an emergency dental service for non-registered patients. If you have a friend or relative with a dental problem, please advise them to give us a call. We will treat them with the same care and professionalism we

provide to all of our registered patients.

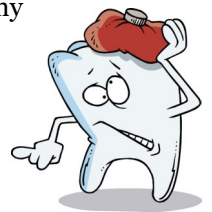

Priory Dental Care is also part of an on-call emergency rota for when the surgery is closed. This includes evenings, weekends and all bank holidays including Christmas day. If you have an urgent dental problem, please telephone the practice and you will hear an answerphone message giving you the contact number of the dentist on-call. All dentists on the emergency rota are located within a 30-mile radius of Downham Market.

If you are a Denplan patient, you also have supplementary insurance covering you for dental injuries or emergency dental

treatment both in the UK and abroad. Contact the Denplan patient helpline and they'll put you in touch with a dentist who can help. *Please refer to your Denplan policy document for full terms and conditions.*

If you can't get to a dentist straight away, we have some helpful 'first aid' tips on our website: www.priory-dental.co.uk Please refer to our 'FAQ' section under "What do I do if I have a dental emergency?"

In the event of any dental problem, please contact the practice in the first instance.

TePe Interdental Brushes and TePe Angles

TePe Interdental Brushes have proven to be very effective for cleaning between the teeth, where a regular toothbrush can't reach. Cleaning between the teeth helps prevent gum problems, tooth decay and bad breath.

Due to the popularity of TePe Interdental Brushes, we're pleased to now stock new TePe Angles. Tepe Angles have a pre-angled neck for improved access between the back teeth and from the inside. The long handle means they are also particularly useful for those with limited dexterity.

For information on any of our oral healthcare products, please speak to a member of the practice team.

Polite Notice...

It has recently come to our attention that some of our patients may still be parking in the former surgery car park (to the side of the practice). This has been private residential property for a number of years and no longer has any connection with the practice. To keep us on good terms with our neighbours, we kindly ask all patients to refrain from parking here. Instead please use the free public car park *opposite* the practice. Many thanks for your co-operation.

Special Offer - £10 reward!

We are taking on new private patients, and what better than a recommendation from you, our valued patients!

If you have a friend who would be interested in joining our practice, please cut out this coupon, filling in your name and contact number in the space below, and pass it on for your chance to receive **£10** worth of **gift vouchers** redeemable against any of **our oral healthcare products**. Your friend will also be rewarded with a **15% discount** off their initial examination fee (normal cost £65.00), saving them **£9.75** on their first visit.

When your friend presents this coupon at their first appointment, we will contact you so you can collect your £10 voucher.

For further information, terms and conditions please speak to one of our friendly receptionists who will be happy to help. This offer is only valid using an official patient referral coupon. Terms and conditions apply. Offer ends on 31st December 2014
