Priory Dental Care welcomes new Practice Principal, Dr Martin Hako

There's an exciting new change at Priory Dental Care!

Having been the Practice Principal for the last 7 years, Dr Cheung has decided to take a step back so that he is able to spend more time with his family. After a long and careful search, Dr Cheung believes that he has found the right dentist to take over the practice.

We are, therefore, pleased to announce that Dr Martin Hako has now become the new owner and Principal Dentist of Priory Dental Care. Dr Cheung will be remaining at the practice as a part-time Associate Dentist, with a view to continuing with his Denplan contract.

Dr Hako qualified at the Pavol Jozef Šafárik University of Dentistry in Košice, Slovakia in 2005. In 2015 he gained a degree

of 'Master of Science in Restorative Dental Practice' from the Eastman Dental Institute, UCL, London, and he is currently completing an additional diploma in Implantology.

Dr Hako began his dental career working in a small town near Pilsen, Czech Republic. He moved to the UK in 2010 and has worked in dental practices in North Wales, Wiltshire, Peterborough and King's Lynn, before taking over as Practice Principal of Priory Dental Care in 2018.

Dr Hako speaks fluent English, Slovakian and Czech, and basic Romanian, Polish, Russian and German. In his spare time, Dr Hako enjoys camping, travelling and martial arts.

With the help of both Dr Cheung and existing support staff, Dr

Hako will maintain the practice's longstanding ethos and reputation for good quality, preventative dentistry, and he is very much looking forward to meeting you all at your next visit.

If you have any queries regarding the above, please don't hesitate to contact us in the usual manner, on 01366 386666.

Dr Martin Hako, MUDr, MSc Rest Dent
GDC No: 183884

Special Offer - £10 reward!

We are taking on new private patients, and what better than a recommendation from you, our valued patients!

Do you find flossing difficult? Wisdom Easy Flosser makes flossing quick and easy!

If you find flossing difficult, why not try the Wisdom Easy Flosser for a hygienic and effective way to clean between teeth. The long handle design of the Easy Flosser allows you to gain easy access to all areas of the mouth, and is especially ideal for reaching the back teeth where traditional floss can be very difficult to use. The disposable flossing heads have a soft ribbon-like 'Easy Slide' floss for a more comfortable and 'non-snap' cleaning.

For more information on any of our oral healthcare products please speak to a member of the practice team.

Q. Why is 4,840 square yards like a bad tooth ?
A. Because it is an acre!
